COMPTROLLER'S OFFICE 11 JAN 1924 BANGALORE

The Comptroller wants the Railway Audit office to furnish figures of approximate receipts & working Expenses both for our Railways and the Railways worked by the M & S.M. Company by the 5th of the each month for the preceding month. After getting information from departmental officers whenever necessary the figures for our lines are furnished to Comptroller as early as possible after the 5th.

As regards the M & S.M. company, the Auditor of that Railway was requested to send information about approximate working Expenses in time for the return to the Comptroller but he pleaded inability to do so and said that he could send it only by the 12th on which date

—RS 187—1500—11-1 23

he has to submit similar figures to the Accountant General Railways ~~differentiate the figures~~. If the too Early date by which the figures are required by the Comptroller are adhered to, ~~accurate~~ it is not possible to get the required figures from the M & S.M. Audits and Even the figures of our office relating to our Railways will not be as accurate as it is possible as by the 5th, all the Monthly Stores Summaries would not be ready and the Workshop would not have its rough cast turn Station ready. In these circumstances if only time is Extended up to the 15th for the Office to Submit this return, I will be in a position to incorporate figures received from the M & S M Audits and also give more reliable figures for our lines.
